

T-Base is fully operational & ready to help.

Are you concerned about the production and delivery of accessible learning materials for students during COVID-19?

Are you struggling to provide the instructional materials your students need in **digital** formats?

Are you experiencing slower turnaround times for braille and reflowed large print materials?

Have you tested your website to ensure that it is accessible for all students?

Let us help—we can start today.

SIMPLIFYING ACCESSIBLE COMMUNICATIONS™

1-800-563-0668 | info@tbase.com | tbase.com | [@tbasecomm](https://twitter.com/tbasecomm)

accessible PDF | e-Text | web audits | audio | braille | reflowed large print

T-Base Communications is fully operational. We understand that colleges, universities, publishers and departments of education across North America are facing critical challenges because of COVID-19. T-Base is fully operational and ready to help you meet the needs of students who are blind or have low vision.

We are the North American leader in providing accessible textbooks and other instructional materials in both digital and hardcopy accessible formats: accessible PDF, e-Text, audio, MathML, braille and reflowed large print. We also provide website accessibility audits and accessibility training sessions. Our commitment to speed, security, simplicity and service quality has made us the number one choice for leading educational institutions since 1994.

No trade-off between speed & quality

- Automated versus manual approach to transcription
 - ✓ Accessible textbooks delivered 2x faster with use of proprietary software solution “FASTtrack”
- Staffed with 6 certified braille experts + 12 large print, FASTtrack & PDF/UA Subject Matter Experts for quality assurance
- All input files accepted (PDF, EPUB, Word, NIMAS, etc.)
- Industry-leading tactile graphics
- Associated with Braille Authority of North America (BANA) and PDF/UA Competence Center

Data security is paramount

- Disaster Recovery & Business Continuity plans tested & audited annually
- Redundant administration & infrastructure
- Independent Canadian & U.S. facilities
- Hot and cold standby sites
- Secure standardized testing and copyrighted publisher files processed under a secure infrastructure
 - ✓ Payment Card Industry Data Security Standard (PCI-DSS) Certified
 - ✓ SSAE-18 SOC2 Type 2 Certified

Read our [response to COVID-19](#) (below the homepage banner).

Let us help—we can start today. T-Base will help make the transition from in-class to online learning a smoother one and ensure that students who prefer braille or reflowed large print instructional materials receive them in a timely manner.
